#### COMMENTS

- If needed, please provide on another piece of paper, any additional comments regarding the coach, such as specific updates, additional equipment, or anything else that may affect the market value.
- Not all costs are needed to complete the appraisal, however knowing a cost may help insure you get top dollar for updates or certain items.
- A date of conversion or your estimate of the date of conversion (ex. 1970's or 1980's) is necessary to complete the appraisal packet. This is a **MUST** on all bus conversions. If you are unsure please make an educated guess based on condition and features.

#### PHOTOS

- We require a minimum of 5 photos of the coach.
- One exterior front photo  $\frac{3}{4}$  view and one rear  $\frac{3}{4}$  view. Interior photos should include at least one front to rear and one rear to front.
- The final photo required is the electrical panel/junction area.
- We recommend you take pictures of any unique features of your coach.
- The more photos we have, the better we can appraise your coach.
- Videos of the coach are acceptable; however, still photos are still required.
- All photos will be forwarded to your agent with the completed appraisal.

\*Not all features and equipment may be listed on our appraisal forms for your coach. Autosource does several types of appraisals, from class A motorhomes to classic coaches to bus conversions. Again, please list additional equipment or any special features on a separate piece of paper.

You may mail your payment, photos, and completed valuation forms in the postage-paid envelope provided. If you have any questions, feel free to call us at 800-351-3133, extension 7452. We appreciate your business and thank you for choosing Audatex for your appraisal needs.

**Where to Stand for Proper Photos**  
We advise you use the arrows on the diagram as examples of where to stand in your coach for pictures. Please make sure we have:

- ◆ Front to back
- ◆ Back to front
- ◆ Bathroom
- ◆ Dash
- ◆ Bedroom
- ◆ Front and back
- ◆ Both sides
